Appendix A – Accessibility Plan Template

Governing bodies must undertake an audit of the extent to which pupils with disabilities can access the curriculum on an equal basis with their peers. Short, medium and long term action should then be identified to address specific gaps and improve access. All procedures should be carried out in a reasonable time, and after taking into account pupils' disabilities and the preferences of themselves or their parents/carers. A grid, like the one below, should be completed for each aspect of school life, such as the curriculum, physical environment and information provision.
