

PSHE

Week 3;

Some people can become internet 'trolls' because they don't see the effect on the person and they think it's fun.

It is REALLY important that EVERYONE PAUSES, stops and thinks before sending ANYTHING online or by phone. Calm me can really help us put a pause in our actions when something has made us upset or angry and that we why we practise it.

Remember these key messages

Don't reply to messages and posts that upset you, instead PAUSE and show an adult who you trust.

Never reply to a message that comes from a person you don't know. PAUSE and tell a trusted adult.

Never give a person on the internet your personal or private details (like a phone number, passwords, usernames, what school you go to, your email etc)
PAUSE and tell a trusted adult.

Be careful when sharing pictures of yourself online-think about who will see them and where they could be sent on to. If in doubt, PAUSE and don't post the picture.

PAUSE and think - some people are 'fakes' on the internet and are not who they say they are, so if

someone asks you to do something stop and think if it is a sensible thing to do and then check it out with a trusted adult.

If you are worried about anything online tell an adult you trust.

Remember that adults are NOT here to spoil your fun, but to keep you safe. Children who share with their parents and carers about what they do on the internet are more TRUSTED than those that don't.

- Now design a poster about internet safety for a child in Tiger Class. You can choose one of the important messages from above and then turn this into a poster. You can also include any other sources of information that you may find on the internet.
